

GRAZIANO & SONJA CREPALDI (LEADERS LIFE SHARE NETWORK):

Since 2002, Graziano and Sonja Crepaldi live in the region of Winterthur (Switzerland) with their 2 children. They are involved in church planting, training and in making disciples in Switzerland, Europe and India. Graziano has a degree in International Studies (Political Science) from the University of Turin (Italy) and received his Associate of Arts in Missions from University of the Nations (USA). For more than 20 years the Crepaldis have been involved in the growth of local churches, the training of leaders and the multiplication of discipleship groups. In collaboration with other leaders they have helped hundreds of people to enter into a personal relationship with God. Their desire is to see the fulfillment of God's plan for the nations, especially among the unreached people groups of the earth.

WHAT THE OTHERS SAY ABOUT US...

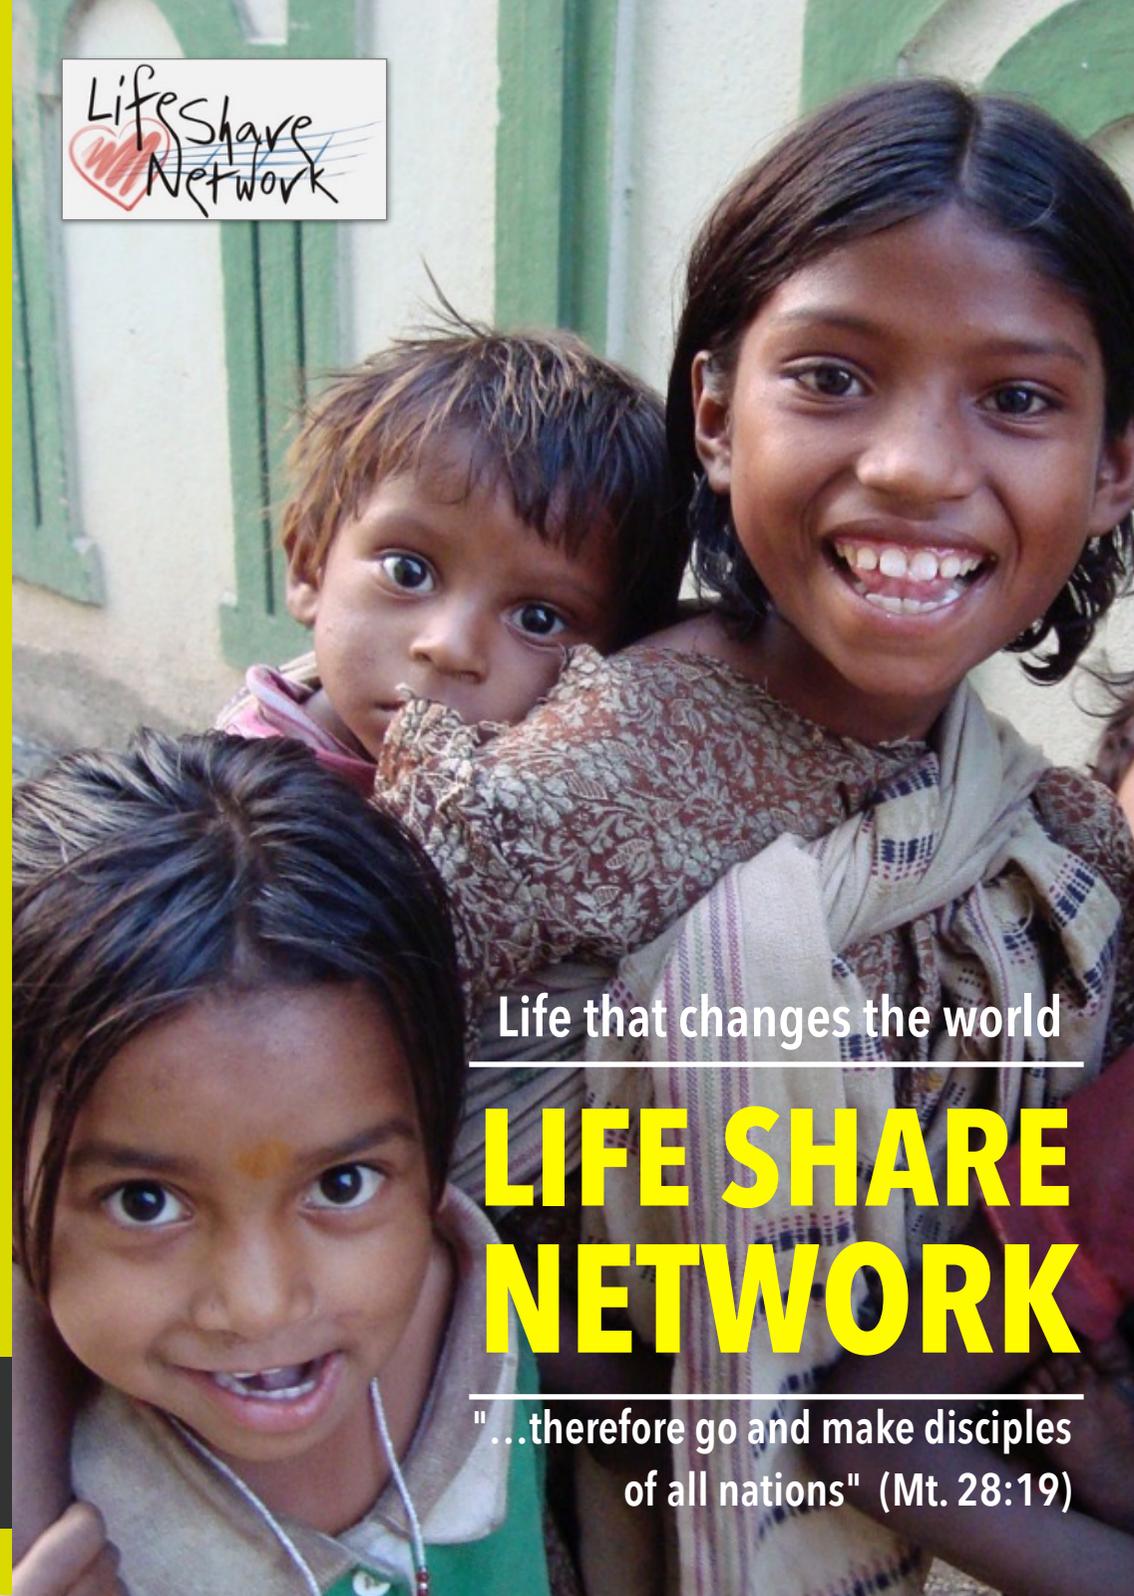

We've known Graziano Crepaldi for more than 10 years and have worked with him towards the realization of various events. In this period, we have seen his zeal to bring the Gospel wherever possible and how he has given himself to the mandate of Christ without sparing his energy. Graziano is convinced of the truth of the Bible, and with patience and perseverance, he has helped many people to get into a relationship with God and to mature in the faith. In his leadership style, Graziano does not control, but he rather helps people to make a decision in freedom.

We have been connected with Graziano Crepaldi for 25 years and in this time we have seen his steady growth in maturity and anointing, which is expressed in devoting himself, along with his entire family, to the expansion of the Kingdom of God. His contribution is very significant both in Italy and in other countries in which he is involved, primarily in Switzerland. His pastoral heart fits perfectly with his apostolic calling and his experience helps people to grow in faith and character. House churches, discipleship and leadership development are the highlights of his ministry and we, in Italy, are happy to work with him and to share the same objectives.
(Daniela & Egidio Ventura - Leaders "Filadelfia Church" Turin, Italy and member apostolic net RAMCU-Costa Rica)

I have worked with Graziano Crepaldi and the teams of Life Share Network in Switzerland, France and India. In recent years I have greatly appreciated this man of God and his apostolic calling. His prophetic anointing and his heart for people are considerable. Graziano has a burden for the lost and is carrying in his heart an apostolic vision for the house churches and missions. Graziano is willing to go anywhere to bring the message of the Kingdom of God to the nations.
(Pierre-Daniel Martin - Founder and leader Association "Filet du Maitre", France)

In our last years of partnership, Graziano & Sonja Crepaldi and the Life Share Network teams have constantly giving us their support and encouragement to serve the poor and needy in India. They have ministered in our land many times and have been a great blessing to many people. Graziano and Sonja Crepaldi are good leaders who are able to motivate people to enter into a relationship with Jesus and make a difference in the world. Graziano's teachings on church planting has been fresh and inspirational for all our teams and leaders. I am grateful to Graziano and his ministry and partnership with our work in India.
(Ramchand Saranu - Youth with a Mission Regional Leader, India)

More than 25 years ago, I lived with my family in Mumbai, India. Our team, consisting of people from different nations, worked together with local churches. Sonja was one of our team members! Later on while I was in Europe I got to know Graziano Crepaldi. The two got married and what a wonderful couple and family they are! They are totally committed to the vision that God has planted in their hearts. They have been launching out as pioneers, doing new things in the area of church planting in post christian Switzerland. In India, Graziano has been inspiring and encouraging leaders, pastors and church planters in different places. Over the years, whenever we have worked together I have been impressed by their commitment, servanthood and generosity.

WHO WE ARE...

Life Share Network is an international Christian ministry created to help churches, ministers and leaders to spread the message of the Kingdom of God. The main task is to promote the growth of the church in the nations and reach the poor and the needy with practical humanitarian aids and community development projects.

"... and you will be my witnesses in Jerusalem, and in all Judea and Samaria, and to the ends of the earth." (Acts 1:8)

VISION:

We are helping people grow in their God given calling and gifts through training and vision. The Bible is the foundation and the authority on which we base our work. Our model is Jesus Christ, his life and ministry as he led his disciples to maturity, sharing his life with them and showing in a practical way how to get into a relationship with God and with the others. Then Jesus gave them the mandate to go and make disciples of all nations.

WHAT WE DO:

DISCIPLESHIP:

"And the things you have heard me say in the presence of many witnesses entrust to reliable people who will also be qualified to teach others" (2 Tim. 2:2)

Jesus has given to all who believe in Him the task to bring the message of the Gospel to the world. We help people to enter into a relationship with Jesus, become his disciples and grow in their calling. Then we encourage and train people to go where God wants them to be, plant new churches or work in existing projects. We experience God in our practical discipleship groups and communicate the values of the Kingdom through personal meetings, house groups and seminars.

CHURCH PLANTING & MISSION:

"... and on this rock I will build my church, and the gates of Hades will not overcome it" (Mt. 16:18)

We are involved in giving birth and growing local church movements in various nations of the world. Our goal is to specifically invest in people and in groups who want to start new communities. We are committed to open new churches in Switzerland, Europe, Asia and other places where God is leading us. We are helping and strengthening local leaders, who have decided to set their lives on the values of the Bible through training and coaching. We encourage believers to move into missionary lifestyle and faithfully use their gifts to glorify God in the world. We work in partnership with churches and christian organizations in various nations and we coordinate short and long term mission trips.

KINGDOM BUSINESS:

"Commit to the Lord whatever you do and he will establish your plans" (Pr. 16:3)

We want to be present in the business world. The followers of Jesus involved in the marketplace need to live and consistently apply the principles of the Kingdom of God. When these people move in integrity and generosity, resources will be created that can be invested in the work of God and to help those in need. We organize specific training for leaders in which it is possible to learn and apply the principles of the Kingdom of God.

HELPING CHILDREN AND PEOPLE IN NEED:

"Blessed are you who are poor, for yours is the kingdom of God. Blessed are you who hunger now, for you will be satisfied" (Luke 6:20-21)

Poverty, suffering and despair in the world cannot leave us indifferent. Through practical humanitarian aids and community development projects, which over time are becoming self-financing, we want to bring the love of God to those in need. We are regularly involved in different nations with concrete visions whose purpose is to help the orphans, build Christian schools and to guarantee the necessary medical care for the sick. The leaders and staff involved in these projects are visited and assisted regularly by our staff.
